## LICENSE PLATE DESIGN:

Personalized license plates may be purchased and used on any type of vehicle. They may be issued with one to seven characters (letters or numbers). Motorcycle and small trailer plates may be issued with one to six characters.

**A HYPHEN OR SPACE IS COUNTED AS A CHARACTER -- IF YOUR CHOICE INCLUDES THE MAXIMUM NUMBER OF LETTERS / NUMBERS, ADDITIONAL SPACES OR HYPHENS CANNOT BE USED. THE HYPHEN IS THE ONLY PUNCTUATION MARK ALLOWED. ONLY CAPITAL LETTERS ARE USED.**

When requesting either the number "1" or the letter "I", please specify which you desire. NOTE: Because of the similarity of letters and numbers, 1's and I's and O's and 0's are considered the same. EXAMPLE: COOL (with letters) and C00L (with numbers) are both considered the same word. We cannot issue single character personalized plates using the letters "I" or "O" or numbers "1" or "0".

The Department cannot issue Personalized Plate choices that are:

- Sexual or vulgar in nature
- Ethnic, lifestyle or gender slurs
- Related to illegal substances
- Blasphemous
- Misleading
- Contrary to the Department's mission to promote highway safety

If a written complaint is received about a personalized plate that has been issued, it will be reviewed. If it is decided to cancel the plate, the registered owner may choose another personalized plate at no charge or receive a full refund of the personalized plate fee. The filing fee cannot be refunded. Cancelled personalized plates must be returned to the Department.

Please list your plate choice(s) below, in order of preference. List only the choices that you wish to have issued. The meaning for each choice must be included on this application. Indicate spaces or dashes between letters and/or numbers, if desired. The plate will be manufactured according to your sketch. CAUTION: If your first choice is not available, your second choice will be issued, etc. The approved choice will be centered on the plate(s).
